About This Game

Simple on the surface. Complex in space.

STAR SWAPPER is space puzzle game with **relaxing** gameplay. Complete each level by moving and arranging symbols, so they form **existing star constellations**.

As you progress the game introduces new space mechanics such as Wormholes or Red Giants.

The game is conveniently divided into chapters and levels.

Each level has a score system which depends on number of moves you make and the amount of time you finish a level in.

The game encourages short game sessions.

Focus and plan your moves.

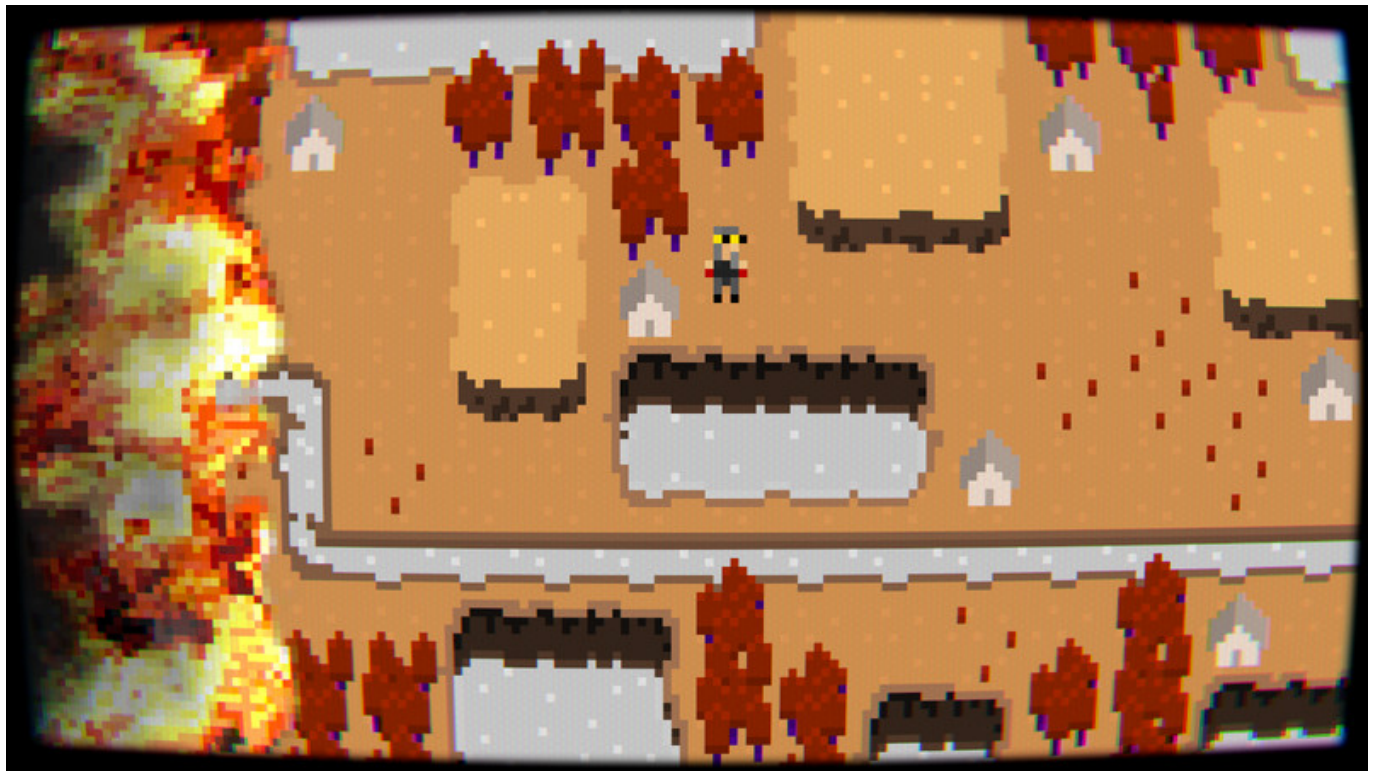

Key Features

- Solve puzzles, and **enjoy** your journey towards the final frontier
 - Jump right in thanks to **intuitive game** controls
 - Delight in **relaxing** gameplay and enchanting soundtrack
 - Immerse** yourself in space aesthetics
 - Challenge** your mind with 98 various puzzles
 - Unlock **27 steam achievements**
